**REQUEST FOR CORRECTION OF FILING RECEIPT**

Applicant hereby requests that the filing receipt data of the above-identified U.S. patent application as listed on the records of the Patent and Trademark Office be corrected. Submitted herewith is a copy of the filing receipt indicating in red the following changes:

Please correct the residence address for Applicant as follows:

After "TAKADA", delete "OSAKA-SHI" and insert  
--OTSU-SHI--.

Also submitted herewith is a copy of the executed Declaration and Power of Attorney, as filed on June 13, 2001 with Applicant's response to the Notice to File Missing Parts of Nonprovisional Application, showing the correct residence address for the above-listed Applicant.

The Declaration, page 6, shows the correct residential address of Mr. Kyu TAKADA to be "Otsu-Shi, Shiga-Ken, Japan". Thus the city of residence is "Otsu-Shi" while the prefecture of the residence is "Shiga-Ken".

MPEP 605.02 indicates that the residential address should be "the city and either state or foreign country". Thus, if the Filing Receipt is to be less than that which is recited in the Declaration, it should at least correctly identify the city and country.

Accordingly, it is respectfully requested that the residence address for the above-listed Applicant concerning the present application be corrected.

It is believed that this request for correction of errors does not require the payment of a fee. However, if it should be determined that a fee (other than the issue fee) is required, please charge any required fee during the pendency of this application to Sidley Austin Brown & Wood's Deposit Account #18-1260.

Respectfully submitted,

By: James W. Williams

**Date:** 06/04/2001

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

**PLEASE NOTE the following information about the Filing Receipt:**

- The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- The words "new," "improved," "improvements in" or "relating to" are not included as first words in the title of an application because a patent application, by nature, is a new idea or improvement.
- The title may be truncated if it consists of more than 500 characters (letters and spaces combined).
- The docket number allows a maximum of 25 characters.
- If your application was submitted under 37 CFR 1.10, your filing date should be the "date in" found on the Express Mail label. If there is a discrepancy, you should submit a request for a corrected Filing Receipt along with a copy of the Express Mail label showing the "date in."
- The title is recorded in sentence case.

Any corrections that may need to be done to your Filing Receipt should be directed to:
